Supervisors Ask State to Install Blinker Light at Routes 45-34

The regular monthly meeting of the Saline County Board of Supervisors was held Thursday with numerous reports and resolutions handed.

One of the final actions of the meeting was the adoption of a resolution requesting the state highway department to install a blinker light system at the intersection of Routes 45 and 34.

This intersection, just south and east of Harrisburg, was described by several at the meeting as being unusually dangerous and all agreed warning lights were needed.

Ralph Brown, county engineer, presented resolutions appropriating \$48,000 for the upkeep of several miles of Saline county roads maintained by motor fuel tax funds. He stated plans were to oil and chip approximately 12 miles of county roads this summer.

No Plans to Connect Highway

Also approved was a resolution appropriating additional funds for the federal aid secondary road south of Carrier Mills. Mr. Brown reported progress was being made toward the starting of actual work on this road. Considerable time has been taken in obtaining right-of-ways, he said.

Letters were read from the state highway department stating there were no plans for constructing a highway along the Saline-Hamilton county line connecting highways 45

PAROLED — Nathan Leopold (above) has been granted a parole in the thrill slaying of Bobby Franks in 1924. Leopold, 53, sentenced to both 99 years and life, was paroled despite the injunction of the trial judge that he was never to be released. (NEA Telephoto)

Extinguish Fire At Carmac Mine

Miners Brought Out Because of Machine Blaze

All first shift miners were brought to the surface at Carmac mine between Carrier Mills and Dykersburg about 2:30 p. m. yesterday when a cutting machine caught fire.

About 50 or 55 men were working in the slope mine when fire broke out and they were out in about 45 minutes. It was feared miners might be suffocated because of fumes or that the blaze might ignite coal or coal dust.

There was no explosion.

The Eldorado Mine Rescue team was called to the mine to stand by but was not needed.

The fire was extinguished with rock dust and chemicals and the second shift went to work as scheduled.

There was extensive damage to the cutting machine, it was reported.

Farm Belt GOP Congressmen Advise Benson Resignation Would Help Party

WASHINGTON — Farm belt Republicans told Agriculture Secretary Ezra T. Benson today that "right or wrong he has become a symbol of low farm prices" and consequently is a serious political liability to his party.

Rep. A. L. Miller (R-Neb.), one of two GOP lawmakers who conferred with Benson today on behalf of a group of Republican farm congressmen, said Benson was not asked directly to resign.

Benson also was told during the 40-minute meeting in his office that Democrats are "using him as a weapon to beat Republicans," Miller reported.

Benson was chairman of a group of 25 GOP farm state legislators who met secretly at the Capitol Thursday to discuss GOP prob-

Davenport and Poston Meet With McCloud

Given Letter by Stratton to Help Fight for Plant

The Saline Valley Development Association today carried a letter from Gov. William G. Stratton to one of the directors of the Dayton Rubber Co. in Chicago as the county made a last-minute effort to turn the tide regarding selection of a site for a new Dayton plant.

At 11 a. m. today Robert S. Davenport of Harrisburg and Richard Poston, head of the Community Development Association, were in the office of the director, B. G. McCloud, vice president of the First National Bank of Chicago. Davenport said Stratton gave them a good letter.

Following this conference they were flying to Dayton, probably arriving there late this afternoon.

The Dayton board is scheduled to meet Monday to hear the recommendations of L. P. Kennedy, its assistant treasurer, and to name the site. Kennedy told Davenport Wednesday afternoon that he would not recommend the Saline county site on Lake Harrisburg because of the smallness of the community and truck freight traffic problems.

Gray, Douglas Help

Don and Gene Hayes of Du Quoin, Coca-Cola bottlers there and the owners and operators of the Du Quoin State Fair, where the Hambletonian is run, have entered the picture and are helping the local contingent by supplying contacts.

Cong. Kenneth Gray phoned Don Williams here last night and said he talked with Kennedy by telephone for an hour and ten minutes and that Kennedy stuck to the reasons he gave Davenport for the reason Harrisburg would not be recommended. Williams learned from the office of U. S. Sen. Paul Douglas that the senator would contact Dayton today.

Facing Reality

Editorial — BY BRUCE BLOSSAT
Some Venezuelans enjoying the fruits of the revolt against Perez Jimenez are now saying some harsh things about the United States for having dealt with his regime. And certain American observers appear to be taking up the theme.

Among the latter are some who in the past have indicated that, for very practical reasons, it might be wise for us to recognize the Communist dictatorship which rules mainland China.

The reasons are, of course, that the Reds are in firm, effective control of the country and there is no other way to deal with the hundreds of millions of Chinese except through them.

Well, these same practical reasons led us to deal with the Venezuelan dictator, as they have guided us into working arrangements with other well-entrenched autocrats in Latin America and elsewhere.

Most Latin American nations have not had a substantial tradition of democracy in government. This is particularly true of Venezuela. If we wished to pursue economic and defense goals of mutual benefit to all within the Western Hemisphere, we had no choice but to negotiate with the dictatorial governments so often in power in so many places.

We could hardly have dealt with rebellious elements as an alternative. Even if they were identifiable, which usually is none too likely, they have seldom coalesced into an effective unit until the very eve of a revolt.

To have ignored the established rulers would have been to have endangered hemispheric solidarity and our own vital economic interests.

Liberated Venezuelans must surely appreciate that their own future prospect is linked to that solidarity and to the successful development of our respective economic interests in the two great western continents.

We are happy to deal with free governments whenever we can. But if we were to refuse all dealings with the many autocratic regimes that abound in the world, we would be gravely handicapping not only ourselves, but all the millions of free men who are served by our strength and security.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
Col. Gordon Moore Is A Very Versatile Brother-In-Law; He Knows The Right People — From The White House To The Dominican Republic; Dewey Vs. Col. Moore.

WASHINGTON. — The probe of the Federal Communications Commission has already turned up President Eisenhower's charming brother-in-law, Col. Gordon Moore, who is looming more and more important on the Washington scene, and whose tracks have also turned up in the award of Trans Caribbean Airways to Puerto Rico, the transfer of Washington's Capital Transit, and other operations where it pays to know the right people.

Moore offered to use his influence with Trujillo to straighten out some difficulties over a shipyard Gibbs was building in the Dominican Republic, and he also brought Cross into the deal.

While Moore was working with two of National's directors, the two biggest airlines in Florida, National and Eastern, were juggling for position in Washington. They were not only angling for air routes and TV channels, but both National's "Ted" Baker and Eastern's Eddie Rickenbacker wanted to be appointed to the President's Advisory Committee on Aeronautics.

How many wires were pulled and how much influence was peddled around the White House and the supposedly impartial administrative agencies is indicated by some of the private memos written by airline executives and lobbyists. Even Ike's appointments to his Air Advisory Committee were weighed in terms of political contributions.

National Airlines got C. C. Spades, Republican National committeeman from Florida, to write Edward Tait of the White House March 20, 1956, that he could not endorse Eddie Rickenbacker because Rickenbacker had not been active enough in Republican politics. Such endorsement would, however, be given to Ted Baker, president of National.

Later Spades was warned, April 9: "Thomas Dewey is interested and is for Eddie Rickenbacker."

Dewey is the man who swung the presidential nomination for Ike at Chicago. Rickenbacker not Baker, ended up on the President's Advisory Air Committee.

WATCHING TOM DEWEY
National Airlines people watched Dewey like a hawk. Among other things, they knew Eastern was trying to block National's application for Channel 10. Here

This seemed to be right down Chairman Doerner's alley. He is the most juketing member of the FCC. But by this time, Jan. 10, '58, Dr. Schwartz was well along with his investigation. Abruptly the dedication was played down. None of the FCC ever traveled to sunny Florida to celebrate the opening of the station they had voted to give National despite the examiner's strong recommendation to the contrary.

Dewey is the man who swung the presidential nomination for Ike at Chicago. Rickenbacker not Baker, ended up on the President's Advisory Air Committee.

Plan Operation Alerts in May, July, September

WASHINGTON — Operation Alert 1958 will be conducted during three periods in May, July and September of this year, the Office of Defense Mobilization has announced.

The operation has been held for five years to train state, local and federal employees in coping with problems that would arise in case of enemy attack.

The first portion will be conducted May 8-7 with a simulated attack on population, industrial and military centers. Local officials and the employees involved will have no warning of the mock bombing attacks. Federal employees will participate only in local activities and federal relocation sites will not be used.

In the July 14-18 portion of the training operation, federal offices will be moved to emergency sites.

The last phase in September will enable federal officials to evaluate the actions simulated in the first two portions of the operation.

Warren, Ohio, became the first city in the United States to install mazda tungsten lights on its streets, in 1910.

Beck to Appeal Sentence for Embezzlement

SEATTLE (UPI) — The defense attorney for deposed Teamster leader Dave Beck said today he planned an immediate appeal of Beck's sentence on an embezzling charge.

Beck was sentenced to a maximum of 15 years Thursday for embezzling \$1,900 obtained from the sale of a Teamster-owned Cadillac.

The prosecuting attorney recommended that the State Board of Prison Terms and Paroles set the elder Beck's minimum sentence at three years.

Charles S. Burdell, Beck's defense attorney, said the conviction will be appealed to the State Supreme Court "as soon as possible."

Judge George H. Revelle passed sentence on Beck about an hour after Dave Beck Jr., was placed on probation for three years, also for embezzling union funds. He was convicted of pocketing \$4,659 received from the sale of two Teamster-owned Cadillacs.

The younger Beck received a deferred sentence with a three-year probation term, was fined \$2,000 and ordered to return the \$4,650 he was convicted of embezzling.

Burdell said both convictions will be appealed to the State Supreme Court "and even higher if necessary."

Beck Sr., is scheduled to go on trial in federal court at Tacoma, Wash., May 5 on charges of evading federal income taxes.

Fashion Palace Presents Dress Review for College Club

Fashions presented at the Saline County College club show by the Fashion Palace in the Little Theatre of the Junior high school Thursday evening included the following:

Mrs. W. W. Chunn, who narrated the show, wore one of the new loose chemise silhouettes, made in coat style of black and white tweed cotton and featuring the loose hipline belt across the back.

Mrs. Morris Skaggs was outstanding in a linen-like silk dress of bright orange color accented with large buttons. Her straw pillbox hat in matching orange bore a wide linen-like band of the bright orange color. She wore an off-white fleece coat with exciting back gathering over this ensemble. She also modelled a print cotton sundress with its own crinoline.

Patty Sullivan showed a chemise dress of soft brown orlon and wool, with an unbelted overblouse which buttoned down the back beneath a rounded yoke. She also wore a two piece squaw dress in a deep brown color trimmed with metallic braid for a startling accent.

Mrs. John Humm's navy blue suit of sheer wool was created by Don Loper. Back interest was shown in the inverted pleat down the center back and small self tabs crossed under the collar. She also showed a luxurious silk-looking cotton in multicolor stripes of blue and brown.

Mrs. Charles Miley wore a black boxy suit, ever popular for spring. Her hat was of shiny black straw with a large cabbage rose trim. Her summer costume was a crisp cotton in pastel pink motif design, accented with a bright poppy red cummerbund. With this she wore a wide brim pastel pink milan sailor.

Nancy Davis wore the popular sleeveless dress in a sheath design, having its own jacket. It was created in hipbone grey silk and cotton. She also showed an all weather coat of combed cotton.

Mrs. John Bell's loose chemise of acetate and rayon with a new stand away collar and loose hip-line, was complemented with a wide cuffed brim hat of light brown milan straw, matching the dress. A wide grosgrain bow extended across the front. Mrs. Bell's cotton shag bark all over plaid dress had a low cut neckline and a bodice of crushed everglaze satin.

waisted look accented by a wide belt across the back.

Patty Chunn's rich coloring was heightened with a Kate Greenaway cotton dress of peachy-pink color. Its draw-string bodice in the back was matched with a draw-string neckline trimmed with val lace. Her strand of tiny pearls accent the low neck. She also showed a drop dry squaw dress with a soft tiered skirt, metallic braid trimmed.

Mrs. Robert Rice closed the showing of the Fashion Palace spring collection with a slim line all wool jersey coat in bright red.

The coat had raglan push-up sleeves with a deep standaway collar and large patch pockets. This is a rain or shine fashion. Mrs. Rice wore a small matching hat and carried a new touch'n go umbrella, designed to be opened and closed with one hand. The umbrella in the bright red shade with its smart long handle and long tip, added to the dramatic costume of the show's finale.

Guests were invited to a reception in the cafeteria where fruit punch and tea cakes were served from a table gala with the first spring jonquils. Flanking the jonquil centerpiece were two candle labras bearing tall yellow candles. Crystal punch bowls at either end of the table were served by Mrs. H. N. Jarvis, president, and Mrs. Carl Shewmaker, vice-president of the College club. Mrs. Fred Lindsay, secretary, and Mrs. Cecil Garvalia, treasurer, were also present and greeted guests. Mrs. C. E. Combe, Mrs. J. J. Klein and Mrs. Russell Malan were the committee members responsible for the reception.

The Saline County College club members, the Fashion Palace and the guests joined in expressing gratitude to the Junior high school for the use of the Little Theatre and the cafeteria for this meeting.

Thanks was also given to Mr. Chunn who played piano during the showing and to the clarinet quartette: Ruth Ann Bramlet, Roberta Keltner, Billy Joe Kowitz and Joyce Bridwell, whose music set the mood for the occasion.

Presbyterian Fellowship Group Holds Regular Monthly Meeting

On Sunday, Feb. 16, the Couples Fellowship group of the First Presbyterian church met in the lower rooms of the church for their regular monthly potluck supper. The tables were decorated with red, white and blue candles and American flags, in honor of two great presidents' birthdays during the month of February. The committee in charge was Mr. and Mrs. Harold James, Mr. and Mrs. Kenneth Wiley, Mr. and Mrs. James Arensman, and Mr. and Mrs. John Cape.

After a brief business meeting conducted by the chairman, Ronnie Doerge, the group sang songs with Mrs. Helen Abel at the piano. Donald Roberts, a field representative of the Harrisburg Social Security District office, showed the group a film entitled "Your Social Security," with a brief talk and discussion following.

The following committees were appointed for the March meeting: Food, Mr. and Mrs. John Stump, Mr. and Mrs. Rollie Moore, Mr. and Mrs. Frank Jarrell, and Mr. and Mrs. Bill Melton; program, Mr. and Mrs. Charles Ford, and Mr. and Mrs. Rod Nash.

Those present included Mr. and Mrs. Rollie Moore, Mr. and Mrs. Don Roberts, Mr. and Mrs. Ronnie Doerge, Mr. and Mrs. Lonnie Lamkin, Mr. and Mrs. Frank Jarrell, Mr. and Mrs. Bill Melton, Mr. and Mrs. Jack Feddele, Mr. and Mrs. Bill Hawkins, Mr. and Mrs. Clyde Wilmoth, Mr. and Mrs. Andy Duckworth, Mr. and Mrs. Leo Podoroski, Mr. and Mrs. Har-

Fashion Palace Presents Dress Review for College Club

Fashions presented at the Saline County College club show by the Fashion Palace in the Little Theatre of the Junior high school Thursday evening included the following:

Mrs. W. W. Chunn, who narrated the show, wore one of the new loose chemise silhouettes, made in coat style of black and white tweed cotton and featuring the loose hipline belt across the back.

Mrs. Morris Skaggs was outstanding in a linen-like silk dress of bright orange color accented with large buttons. Her straw pillbox hat in matching orange bore a wide linen-like band of the bright orange color. She wore an off-white fleece coat with exciting back gathering over this ensemble. She also modelled a print cotton sundress with its own crinoline.

Patty Sullivan showed a chemise dress of soft brown orlon and wool, with an unbelted overblouse which buttoned down the back beneath a rounded yoke. She also wore a two piece squaw dress in a deep brown color trimmed with metallic braid for a startling accent.

Mrs. John Humm's navy blue suit of sheer wool was created by Don Loper. Back interest was shown in the inverted pleat down the center back and small self tabs crossed under the collar. She also showed a luxurious silk-looking cotton in multicolor stripes of blue and brown.

Mrs. Charles Miley wore a black boxy suit, ever popular for spring. Her hat was of shiny black straw with a large cabbage rose trim. Her summer costume was a crisp cotton in pastel pink motif design, accented with a bright poppy red cummerbund. With this she wore a wide brim pastel pink milan sailor.

Nancy Davis wore the popular sleeveless dress in a sheath design, having its own jacket. It was created in hipbone grey silk and cotton. She also showed an all weather coat of combed cotton.

Mrs. John Bell's loose chemise of acetate and rayon with a new stand away collar and loose hip-line, was complemented with a wide cuffed brim hat of light brown milan straw, matching the dress. A wide grosgrain bow extended across the front. Mrs. Bell's cotton shag bark all over plaid dress had a low cut neckline and a bodice of crushed everglaze satin.

Arrest Youth In Rape-Slaying 13 Months Ago

ST. LOUIS (AP) — A 13-month search for the youth who killed a popular Charleston, Mo., high school football star before raping his girl friend apparently ended Thursday night with the arrest of Lynn Wayne Hester, 18.

Authorities from Scott County and St. Louis arrested Hester at his home in Wellington.

John Malugen was shot to death Jan. 5, 1957, near Sikeston. His girl friend was pulled from the parked car, dragged across a cotton field and raped.

Scott County Sheriff John Dennis said Hester was implicated in the crime by a second youth who admitted accompanying the killer to the scene. The youth said he refused to approach the Malugen car and fled when he heard shots.

Hester, who denied any knowledge of the crime, was to be returned to Benton, the county seat today. He refused to make any statement concerning his whereabouts on the night of the shooting.

But Dennis said the suspect has a grandmother living at Chaffee in Scott County and was arrested in the Sikeston area for automobile theft less than a year ago. He was turned over to juvenile authorities as he was 17 years old at the time.

The rape victim had identified her attacker as a Negro but was unable to identify a number of suspects.

Dennis refused to discuss the evidence against Hester, who is white. But shortly after the crime, authorities said they ob-

Caterpillar Plants to Return to 5-Day Week

PEORIA, Ill. (UPI) — Caterpillar Tractor Co. plants here and in three other cities, which have been on a four-day work week because of a slump in sales, will go back on a five day week March 31.

The plant here, along with those at Milwaukee, Joliet, Ill. and San Leandro, Calif., went on a four day week Jan. 13 in a company effort to reduce inventories by cutting back production.

Tained fingerprints from Malugen's car and made a cast of a man's footprint in the field.

Sen. Kefauver Added to FCC Influence Case

WASHINGTON (UPI) — A Florida utility executive testified today that under orders he told Federal Communications Commissioner Richard A. Mack that Sen. Estes Kefauver (D-Tenn.) wanted "every fair consideration" given to an applicant in a hotly contested Miami television case before the FCC.

Ben H. Fuqua, vice president of the Florida Power & Light Co., and a college classmate of Mack, told House subcommittee he received the assignment from his boss, McGregor Smith, chairman of the board of the power company.

He said Smith told him he wanted to "repay" Kefauver "for a favor."

Rep. Charles A. Wolverton (R-N.J.) said Fuqua testimony added to the mounting evidence that there was a widespread network of attempted influence, pro and con," on Mack and perhaps other FCC members in the Miami Channel 10 case.

Talked to Mack in 1956

Fuqua said Smith sent him to Washington to confer with Kefauver and do the senator's bidding in the case. He said Kefauver wanted to help Col. A. Frank Katzenstein, former mayor of Miami Beach who was one of four applicants for Channel 10.

Fuqua said he carried out his "mission" in early 1956—almost a year before the FCC voted on the controversial award.

The FCC reversed its own examiner's recommendation that Katzenstein get the channel and voted instead to award it to National Airlines.

The Commerce Department reported Thursday the January personal income rate—if projected over the entire year—would be \$343,500,000,000. This was equal to the December rate and about 1 per cent below the record rate of last August.

The department noted that January income also was about 2 per cent higher than in January, 1957.

Personal income includes wages, salaries, interest, proprietors' income, rents, dividends and other individual income. It declined in each of the four months between August and January.

The report said the January total reflected "the unusual movement of dividends over the year-end rather than the underlying flow of income arising from current production."

The annual rate of wages and salaries was \$236,500,000,000 during January, a decline of five billion dollars from last August's high.

The drop was concentrated in manufacturing, mainly in the "hard goods" industries.

"The bulk of the change in factory payrolls was attributable to lower employment, although there also was some further shortening in the length of the work week," the report said.

Thurman A. Whiteside is the attorney accused of giving Mack the money.

Fuqua said Kefauver told him he wanted Fuqua to "convey" to Mack the senator's interest in the Katzenstein application and the senator's desire that Katzenstein's application receive "every fair consideration on its merits."

Fuqua said he found Mack "non-committal" and appeared unwilling to discuss the case with him.

Warming Spell Brings Relief, Flood Threats

By United Press

The "heat's" on!

A warming spell that broke the back of a prolonged winter storm siege brought relief—and new problems—to the eastern third of the nation, reeling from cold and snow and now facing possible floods.

Army helicopters made new mercy runs into two blizzard-stricken states, Indiana and West Virginia. New York state appealed for air drops to marooned farmers, short on food and fuel whose situation grew steadily more severe.

Hundreds of persons fled their homes in California in the wake of a violent rainstorm. Volunteers sandbagged levees along the rain-swollen Sacramento River, but authorities said reinforcements were trying to bring in canvas and burlap to line the "very spony" levee wall.

Deaths mounted despite the warmup. A United Press count showed that weather-associated deaths totalled at least 553 since the start of the cold wave Feb. 6.

The U. S. Weather Bureau warned that quick thawing of the heavy snow blanket in the East would pose a serious flood threat.

Troubles Hit Atlas Missiles

CAPE CANAVERAL, Fla. (UPI) — Different kinds of trouble evidently knocked two intercontinental Atlas missiles in a row from the sky before they were well on their way.

It was not disclosed exactly what caused the 5,500-mile range, two-million-dollar Atlas to explode high over the Atlantic Ocean just two minutes after it was launched Thursday. But it was learned that it was not the same trouble which felled another Atlas launched just 13 days before.

Apparently the malfunction in the first Atlas was located and corrected before Thursday's flight. Both missiles, however, appeared to ground observers to perform exactly the same.

Oil is produced in 192 of the 204 counties in Texas.

Towboats Break Channel Through River Ice Jam

ST. LOUIS (UPI) — Three power towboats broke a channel thru a major ice jam on the Mississippi River, met early today at mile 21 above Cairo, Ill., and turned for a triumphal procession downstream.

The Gene C. Hutchinson and the Missouri had crushed slowly upstream through ice frozen at points clear to the river bed. The MacLeay had an easier passage downstream. They met at 1 a. m. to open the first channel on the great river in three days.

Temperature rises to 48 degrees today and 54 Saturday at Cairo gave hope that the ice dam would soften enough to be swept downstream by increasing water pressure.

Army Engineers were cautious in predicting the breakup, however. "It could get soft enough," a spokesman said, "but we're a little concerned about the zero weather coming down from the north."

WASHINGTON (UPI) — The government says the nation's personal income pulled out of a four-month skid last month and leveled off at the same rate reported in December.

But it said heavy dividends were responsible for maintaining the December income level. The rate of other income payments fell by two billion dollars from December to January.

The Commerce Department reported Thursday the January personal income rate—if projected over the entire year—would be \$343,500,000,000. This was equal to the December rate and about 1 per cent below the record rate of last August.

The department noted that January income also was about 2 per cent higher than in January, 1957.

Former Governor Dwight H. Green Dies

(Continued From Page One)

ed in 1919 as a lieutenant.

He is survived by his wife and two daughters.

Green was admitted to the Illinois bar in 1922 after receiving law degrees from the University of Chicago. He practiced law in Chicago until 1926 when he became special attorney for the Bureau of Internal Revenue in Washington, D. C.

Directed War Efforts

After he sent Capone to prison in 1931 he was appointed U. S. Attorney for the Northern District of Illinois, a position he held until 1935.

During his years as governor, Green directed the state's war effort during World War II, and in his second term rammed through a \$35-million-dollar veteran's war bonus. He also signed into law bills giving state employees a retirement system and drastically reduced the property tax system.

Green was elected chairman of the board of the newly-reorganized Elmwood Park Bank in May 1953.

He returned briefly to the headlines during the investigation into the multi-million-dollar scandal involving former State Auditor Orville E. Hodge.

The old Elmwood Park bank had been closed down by Hodge. Green was called before the Senate Banking Committee to explain his connections with Hodge. Green resigned as board chairman of the bank in October, 1956.

Green's family asked that flowers be omitted, and said that any one so desiring may send remembrances to a cancer research fund to be established in his name at Presbyterian-St. Luke Hospital.

He was married in 1926 to Mabel Kingston of Washington.

U. S. Plans Second Satellite Launching

WASHINGTON (UPI) — The United States plans to try to launch a second U. S. satellite next Tuesday or Wednesday, congressional sources disclosed today.

The sources said they did not know whether the attempt would be made with an Army Explorer or a Navy Vanguard satellite.

Thinking It Over

By Robert L. Dieffenbacher, D.D.
(Written for NEA Service)

During the last weeks of Christ's teaching, those who wished to learn from Him had to follow Him wherever He went. They were so

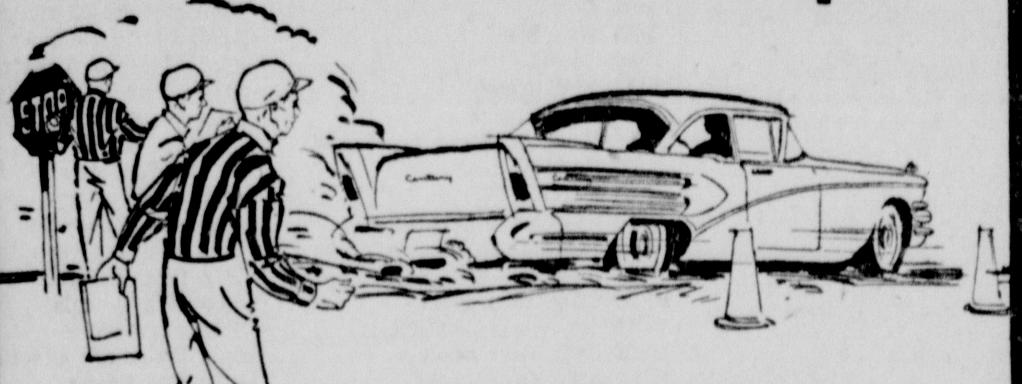

avid for His words and for His healing power that they gave little thought of eating and sleeping.

Today we can study His word wherever we may go in America. There is a Bible in almost every home, in every public library and in almost all hotel rooms of America. It is wonderful to know that one can study every recorded word of His preaching wherever we may

be. We do not have to keep our Bibles hidden, nor are we putting Christ on trial in the courts of the state.

We must take time each Lenten day to study God's word and to pray for Christ to come into more phases of our lives. Until He guides our every act we have not surrendered enough.

40-60-176 "Crisis Stops"

-but Buick's Aluminum Brakes never lost their grip

Accelerate to 60—then step hard on the brake till she stops!

Do it again and again and again—till the heat starts burning out the linings:

That's what test drivers did in Daytona Beach and in California with new American cars—trying to find which car has the best brakes.

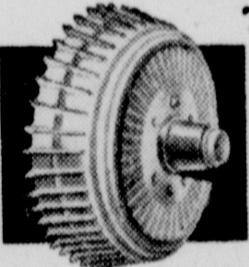

The 1958 Buick CENTURY went through 176 of these "crisis stops"—up to 8 times more stops than other cars tested—and the brakes were still gripping strong. No other car's brakes measured up to this phenomenal performance:

That's because Buick brakes are air-cooled aluminum brakes—and aluminum gets rid of heat three times faster than other brake drum metals.

If you want brake power that's built to match horsepower—you'd better buy Buicks.

Aluminum front brakes are standard on CENTURY, SUPER, ROADMASTER 75 and LIMITED, optional at extra cost on SPECIAL Series:

...WIN WONDERFUL PRIZES

Today, 4 out of 5 homes have low HOUSEPOWER (not enough electrical wiring, outlets, and switches). See cartoon. This home is obviously one of the 4. If the man can find an outlet to plug that TV cord into, he's certainly going to see one or more of the symptoms of low HOUSEPOWER. His TV picture may shrink and wiggle when that coffee maker starts; the lights may dim. The coffee maker will be slow heating up.

HOW TO WIN

WHO MAY ENTER: Any user of electricity in his place of residence, the consumer or his employer, or their immediate families of Electric Power Companies, Electric Leagues and Associations, their Advertising and Contest Agents.

DATELINE OF CONTEST: Contest ends April 30, 1958. Entries postmarked after April 30, 1958 or received after May 5, 1958 are not eligible.

HOW TO ENTER: Read carefully these facts about HOUSEPOWER. Then complete entry blank at right. Fill in your name and address twice. Be sure to check the "I'm a Contestant" box. Mail to: HOUSEPOWER, P. O. Box 2070, Grand Central Station, New York 17, New York.

Multiple entries will be accepted, provided an Official Entry Blank is used each time. Entry Blanks may be obtained from local Electric Power Company.

JUDGING: Judging will be done by the Contest Management Division of Richard Mansfield Research Inc.—an independent contest organization.

Warriors, Celtics Win Pro Tilts

By United Press
The New York Knickerbockers, last in the standings but first in attendance, meet the Philadelphia Warriors at Camden, N. J., tonight, needing a victory to "stay alive" in the Eastern Division race of the National Basketball Association.

The Warriors, in third place in the Eastern Division, two and one-half games ahead of the Knicks, led all the way in beating the Syracuse Nationals, 110-97 Wednesday in the first game of an afternoon doubleheader at Boston. The Celtics came from behind to edge the Cincinnati Royals, 94-92 in the nightcap.

In other games tonight the Detroit Pistons are at Cincinnati and the Celtics, needing only three victories in 10 remaining games to clinch the Eastern title, are at St. Louis. The Hawks need only two victories in 12 games to clinch the Western Division title

CHARLESTON, Ill. — Eastern Illinois closed with a rush Thursday night to defeat Southern Illinois, 94-78, in an Interstate Intercollegiate Athletic Conference cage game.

SIU was leading 68-67 midway through the second half when Eastern tallied 10 straight points to ice the game. John Milholland led Eastern with 25 markers, while Warren Talley was high for SIU with 21.

New Haven Wins Grade School Championship In Gallatin County

New Haven won the Gallatin county grade school basketball tournament by defeating New Shawneetown Thursday night in the final game 46-25.

Carrier Mills' schedule shows the 'Oats at Anna Tuesday, Feb. 25, but at the request of Anna the game has been moved to Monday, Feb. 24.

Grayville plays at Ridgway Tuesday.

This game was scheduled for Nov. 5, but that was when the flu was running wild through the state and both Ridgway and Grayville were hard hit by the illness and the game was postponed. So instead of being the opening game on the schedule it will be the final.

And last Friday Galatia had to call off a game with Zeigler due to a broken water main leading to the school. That game will be played Friday, Feb. 28.

There are eight candidates for Basketball Queen at the Eldorado High School. Coronation ceremonies will be held following the Junior class play Friday, Feb. 28.

Queen candidates are—Seniors: Judy Barker, Judy Laramie, Janice Sutton and Linda Tison; Juniors: Brenda Flannigan, Linda Flannigan, Linda Mosby and Susan Scribner.

The present edition of the Carrier Mills Wildcats is one of the best fed teams in the school's history. Since winning the Saline County tournament four weeks ago the squad members have been banqueted on three different occasions.

Tournament pairings:

Monday Game 1, Harrisburg vs. Benton, 2 p. m.

Game 2, Carbondale vs. Marion, 6:30 p. m.

Game 3, Johnston City vs. Herrin, 8 p. m.

Tuesday Game 4, Winners of games 1 and 2.

Game 5, West Frankfort vs. winner game 3.

Thursday Game 6, losers games 4 and 5 (consolation).

Game 7, winners games 4 and 5 (ampionship).

Tuesday and Thursday sessions will start at 6:30 p. m.

Just received the official Chicago White Sox 1958 Press-TV-Radio guide.

Edward Walsh is far and away the finest hurler to ever wear the White Sox uniform, according to the record.

Under the heading of White Sox all-time individual records the name of Walsh, who starred a half century ago, appears opposite seven pitching records.

In 1908 Walsh, among other things, appeared in 66 games for the ChiSox, won 40 games, had 12 shutouts and recorded 269 strikeouts.

The best batting average by a ChiSox player was the .388 posted by Luke Appling in 1936.

Hughie Walker told me a good fish story while we were eating lunch Thursday.

Seems a friend of Hughie's was ice fishing recently and hooked a bass too large to pull through the hole that had been cut in the ice.

The fisherman kept trying to get the big one through the hole in the ice and finally the fish got off the hook. As the fisherman pulled the line and hook from the water another bass (a smaller one) saw the minnow bait, made a strike at it and jumped right through the hole and landed on the ice at the fisherman's feet. The man put it on a stringer and carried it home—that's what Hughie said.

Irish 'Iron Men'

Whip NYU, 93-77;

St. Louis Wins

By United Press

Notre Dame's five "Iron Men" served notice today that they'll have more than the luck of the Irish going for them in the NCAA tournament.

Playing intact until there were only three minutes and 15 seconds left in the game, Notre Dame whipped New York University, 93-77, at Madison Square Garden Thursday night to run its season record to 18 victories in 22 games. St. Louis defeated St. John's of New York, 105-92, in the opener.

Notre Dame, ranked 13th in the nation, turned in a brilliant performance in its annual visit to New York. The Irish led by only 37-35 early in the second half but broke open the game with a 14-2 burst over a four-minute span.

The "Iron Men"—Mike Graney, Tom Hawkins, Bob Devine, Dean Duffy and John McCarthy—accounted for all but six of Notre Dame's points. Hawkins was high man with 25 points followed by McCarthy with 24. Johnny Bucyk had 27 for NYU which entered the game entertaining hopes of a bid to the National Invitation tournament.

Jack Milmiltz scored 33 points to lead St. Louis to its smashing victory over St. John's but the Redmen came off with a consolation prize when they became the sixth team named to the NIT.

Elgin Baylor's march toward the college scoring championship encountered something of a road block, meanwhile, when the 6-6 Seattle star tallied only 23 points in a 78-77 decision over Montana State at Bozeman, Mont. A crowd of 10,250 saw Seattle win the game on Jim Harney's 35-foot field goal with nine seconds left to play.

Baylor's 23 points—his lowest output in weeks—reduced his scoring average to 33.85 points a game. Cincinnati's Oscar Robert is in second place with 33.62 and Kansas' Wilt Chamberlain is third with 31.41. All three are idle tonight.

S. Sgt. William B. Hyers to Return to Lonely Watch on Iceland After Visit Here

S. Sgt. William B. Hyers

S. Sgt. William B. Hyers is freezing weather during the en-tire tour of duty.

After his leave in Harrisburg, Sgt. Hyers will return to Iceland for another six months of duty.

Didn't Pay Bill

MANILA — Antonio Diamante was investigated by police today for non-payment of a meal check at the Brown Derby Restaurant. Diamante consumed one whole fried chicken, 12 bottles of beer, one order of chicken salad, six sticks of barbecue, one plate of rice, one egg with potted meat . . . and harvested \$3.15 in coins from the juke box.

An issue of The Stars and Stripes carries a two-page story about the lonely radar watch in Iceland and features Hyers as a typical serviceman on the island. Included are six pictures of Hyers and four paragraphs about him.

"Typical of the men in these units," the article says, "is S. Sgt. William B. Hyers, 24, a radar crew chief who has been a member of the Air Force since 1953.

"Hyers' present tour of duty is one year."

"The young radar crew chief, who has just signed up for a second hitch, alternates among three shifts, changing his watch after every third day with 24 hours off between shifts. At the end of three different shifts of three days each, he gets three days off."

"Naturally there is nothing to do on the off time, but it breaks the monotony," Hyers explained.

Iceland, 2,200 nautical miles from New York and 1,800 nautical miles from Moscow, is one of the most strategically located nations in the world. It is a "listening post" for the North Atlantic Treaty Alliance and one of the units is the 667th Aircraft Control and Warning Squadrons of the U. S. Air Force.

Exposed to 100 miles per hour wind, hail, sleet and snow throughout the year, the radar station is 12 miles by truck from the nearby town of Thorshofn and two and a half days by car from Keflavik.

The entire base, from motor pool to mess hall and including theatre, barracks and clubs, are connected by an enclosed passageway so that is seldom if ever necessary to go into the

State Accepting Applications for Trooper Positions

SPRINGFIELD, Ill. — Applications for positions as troopers with the Illinois State Highway Police will be accepted by the State Police Merit Board until March 10.

The recent session of the state legislature authorized the assignment of 100 men to the Toll Road Commission in addition to the maximum of 1,100 men for the regular State Police force. These 100 men will be taken from the regular force and the new applicants will be assigned to fill district vacancies.

Application forms are available from any State Police district headquarters, most U. S. Employment offices, and from the State Police Merit Board, Centennial Building, Springfield. Examinations will be given by the Merit Board during the latter part of March in both Springfield and Chicago.

Applicants must be at least 21 and should not have reached their 35th birthday at the time of application. Their vision must be at least 20/30, correctible to 20/20 with glasses; they must be at least five feet nine inches tall and not over six feet four inches in stocking feet, with weight in proportion to height; they must be a United States citizen and a resident of Illinois for at least two years, prior to filing application; they must be able to drive and must not have a criminal record.

Qualified applicants will be notified by mail of the time and place for examinations.

Further information may be obtained from the State Police District Headquarters or the State Police Merit Board, Centennial Building, Springfield.
